

IT Support Specialist Louis Sader

Windham, NH | 603-275-7513 | [Email](#) | [LinkedIn](#) | [Portfolio Website](#) | [GitHub](#)

EDUCATION

Bachelor of Science in Computer Science | ABET Accredited | Dean's List
Roger Williams University | Bristol, RI | Minors: Mathematics, Data Science

August 2021 – May 2025

PROFESSIONAL EXPERIENCE

IT Support Specialist | Beth Israel Lahey Health | Exeter, NH

Contract | *September 2025 – October 2025*

- Resolved 50+ IT support tickets with ~100% first-response resolution rate for physicians, nurses, and administrative staff in HIPAA-regulated healthcare environment
- Diagnosed and remediated hardware failures, software conflicts, and network connectivity issues across hospital workstations and clinical systems
- Performed user account management, password resets, and access provisioning through Active Directory
- Documented troubleshooting procedures and solutions, contributing to IT knowledge base for future reference.

IT Support Specialist | Mass General Brigham Women's Hospital | Boston, MA

Contract | *July 2025 - August 2025*

- Executed large-scale infrastructure deployment involving 8,000+ devices across multiple hospital facilities.
- Performed system imaging, OS configuration, and domain joining for new Windows workstations.
- Configured monitors, printers, barcode scanners, and clinical peripherals ensuring network connectivity.
- Decommissioned legacy systems and executed automated peer-to-peer data migrations with minimal user disruption.
- Verified post-deployment functionality including application testing, network access, and security compliance.

IT Support Specialist | Roger Williams University | Bristol, RI

Internship | *October 2024 - May 2025*

- Resolved 100+ IT support tickets with ~80% first-response resolution serving faculty, staff, and 4,000+ students.
- Reduced classroom technology downtime by approximately 80% through proactive system monitoring and rapid incident response.

CERTIFICATIONS
